Capital Stock \$500,000 Par Value \$1.00 per Share Full Paid and Non-Assessable

WE OWN 524 acres of oil land in the Beaumont district in four tracts surrounding the big gushers, and 640 acres in Kern County, Cal. Owning the land we pay no royalties and will have no complications with lessors.

336 3-4 ACRES SOUTHWEST FROM THE BIG GUSHERS,

20 ACRES SOUTHEAST FROM THE BIG GUSHERS,

160 ACRES NORTHEAST FROM THE BIG GUSHERS,

7 ACRES NORTHWEST FROM THE BIG GUSHERS.

The northwest tract is in Gladys City, on the S. & E. T. Railway, about 7000 feet from the big gushers, and in line toward the Sour Lake and Corsicana oil fields, and little over 1000 feet from the Kizer & Kelly well that spouted gas, water and oil last week, and sold at larger figures immediately thereafter, and may be finished any day. Another well 50 feet north from this Gladys City tract was down over 600 feet April 28th, and going right along. Twelve other rigs within half mile, three of which are not far from the oil.

#### WORK NOW BEGUN ON GLADYS CITY LOT.

Every share of the stock of this Company will participate in the profits from all its operations in the State of Texas and in California. When you see that land similar to this Gladys City lot is not on the market at any price, and that wells are being drilled at **EVERY TRACT** of land owned by this Company, you will see the necessity of getting in on the ground floor. This first block of stock at 50c per share. New strikes may send the stock above par any day. No order taken for less than 50 shares.

Stock positively advanced May 15th and may be withdrawn sooner.
